

## Beagles – Term 3, Week 8

**Main Point** – *In this world we have sickness, sadness, pain and death. But one day God will give us a new body and this earth a new world.*

### Questions to discuss with your kids:

#### **Discuss:**

- **Remember the video and the mimes we did together?**

**What are all the things that make us sick?**

(headaches, sore throat, upset tummies)

- **What are all the things that make us sad?**

(a fight, saying goodbye, when our pets die)

- **And what are all the things that cause us pain?**

(broken arm, when we're pushed or our hair is pulled)

#### **Conclusion:**

- **But these aren't the only things that make us sick, sad or cause us pain.**

#### **Think It Through:**

- **When you go to the zoo now, animals are put in cages so they won't escape and hurt us. And animals are put in separate cages so they won't escape and hurt each other. What will the zoo be like in God's new heaven and earth?**

- **Will there be hospitals and doctors in God's new heaven and earth? Why not?**

#### **Application:**

- **What are you looking forward to the most in God's new heaven and earth?**

#### Prayer

Ask what the kids are looking forward to in heaven and talk to God about it
